

RHESTY H. ADORMEO

Lucena City, Philippines | +63 993-457-0930 | adormeorhesty@gmail.com | github.com/Rhesty22

PROFILE

Developer with experience across web application development, game development, and client-facing e-commerce projects. Comfortable working directly with clients to translate requirements into functional, user-friendly solutions, and experienced managing small project workflows from planning through delivery.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, PHP, C#

Tools & Platforms: Unity, Figma, VS Code, Git, Obsidian

Core Strengths: Client communication, teamwork, collaboration, project coordination

EXPERIENCE

On-the-Job Trainee — Qtech Business Solutions Inc. | 2026

- Assisted the development team with backend implementation tasks during active projects.
- Contributed ideas during the initial planning and development phase of assigned features.
- Supported day-to-day development work in a collaborative, team-based environment.

PROJECTS

Limitless Ascension — Idle Cultivation Game (Solo Project) | In Development

- Designing and developing an idle cultivation game solo in Unity (C#), handling all systems from gameplay mechanics to progression balancing.
- Managing the full development process independently, including game design, programming, and iteration.

Dreams Fashion Bags — E-Commerce Website | 2026

- Led client communication throughout development, gathering requirements and translating them into project deliverables.
- Coordinated with the client to keep the project on schedule from planning through launch.

DinoTen — Survival Game | 2025

- Built a top-down survival game in Unity (C#), including core gameplay mechanics and enemy AI.
- Designed and implemented game systems independently, from concept through playable build.

Nailsbykheley — Business Website | 2023

- Collaborated with a team to build a business-promotional website for a local client.
- Implemented a client appointment scheduling feature to streamline bookings.

EDUCATION

STI College Lucena — Bachelor of Science in Computer Science

2022 – 2026

Gulang-Gulang National High School (2020–2022) | Domoit National High School (2015–2019) | Domoit Elementary School (2009–2015)
